

Why CIIM?

With 25+ years of experience in the postgraduate management education, strong international accreditations, more than 1,800 alumni, and scores of corporate partners, the CIIM Business School is uniquely positioned to offer high quality degree programmes, which have been developed in close consultation with employers and are being delivered by prominent international and local professors.

Learn how to think, not what to think!

"Studying MSc in Management at the CIIM, as an Insurance Professional, I would say that has definitely been an exceptional experience so far. It has been an excellent opportunity to expand my educational horizons in a multicultural environment and at the same time to be part of a great team. Meet new challenges and interesting people who changed my life and way of thinking!"

Working and studying at the same time, the past 18 months has been a remarkable experience, building confidence, improving communication and negotiation skills, developing cultural awareness, but the most important from a personal perspective I have managed to learn how to "think outside the box" or better how to "get rid of the box".

I would highly recommend MSc in Management with Specialization in Insurance, as a way of gaining not only management skills and insurance knowledge but also self-confidence and success in your day to day business and goals".

Looking for a flexible way to study?

CIIM follows a flexible modular system of study called "Flexi Study" which offers maximum flexibility and convenience.

You do not follow semesters and you do not take 2 or 3 classes in parallel like in other schools. At CIIM you take only ONE class at a time, finish it and then enrol in the next class and so on.

SCHEDULE OF CLASSES

Classes meet on weekdays in the evenings, and there are also some classes on Saturdays and/or Sundays.

CLASS HOURS

- Weekdays 18:30 – 22:00
- Saturdays 09:00 – 17:15
- Sundays 10:00 – 18:15

*Combine work and study
Classes start every 2 weeks
"Flexi Study" mode is ideal for working professionals*

MSc in Management Specialisation in Insurance

- Broadly based business degree which empowers participants with an international standard of expertise in the main management aspects, such as managing people, finances, operations and sales / marketing
- Emphasizes learning by doing through career development seminars, company visits, case studies and real-life company projects
- Will make you more employable, more productive, more entrepreneurial and, ultimately, more successful.

ADMISSION REQUIREMENTS

- Working knowledge of English
- Success in personal interview
- Accredited Bachelor's degree or 5+ years of insurance work experience and the Insurance Institute of Cyprus Diploma in Insurance Studies or 10+ years of insurance work experience

MSc in Financial Services Specialisation in Insurance

A strong blend of theoretical and practical learning in the financial field. It helps participants to develop an analytical understanding of modern finance as well as decision-making and management skills that are needed in a demanding business environment. It is a highly valued qualification for those who want to pursue a career in the financial services industry.

ADMISSION REQUIREMENTS

- Working knowledge of English
- Success in personal interview
- Accredited Bachelor's degree or 5+ years of insurance work experience and the Insurance Institute of Cyprus Diploma in Insurance Studies or 10+ years of insurance work experience

- Fees €9,580 for the entire programme
- Various scholarship schemes available
- Flexible payment options
- Transfer of credits for prior Master-level learning
